

Trip Sheet

Marchfeldkanal Bike Tour

Date: Sat 17–Oct–2009

Suggested by: Roswitha Mauerhofer

Description: This tour follows the Marchfeldkanal from Floridsdorf in Vienna to Deutsch Wagram where it then follows the Russbach. The trail is well maintained and very little altitude change. As you proceed out of Vienna the trail enters the richest farming area of Austria where almost all of the garden variety of vegetables are grown. There is an abundance of pubs along the way so we have a big choice of stops. Depending on the strength of the group, we can continue on along the Russbach where an old windmill still stands, fields where Napoleon fought his battles, and some other historical sites, castles, and museums. The return can follow the same trail or pedal on further and then take a train back to Vienna.

Map(s):

Length of activity, elevation and difficulty: The details are still being worked on. WATCH for an update to this Trip Sheet
xxxx.

Meeting time and place: hh:mm xxxx

Ending time and place: hh:mm xxxx.
